

# The GARZETTE

November 2006

Volume 15, Issue 11

## From the President's Desk:

Norm Schklar WA4ZXV

It was really great to see about 50 young folks pass through the Scout Lodge for Jamboree on the Air (JOTA). It really renews the spirits to see all the interest in Amateur Radio. A special THANKS to all of our adult scout leaders for taking the time and making the effort to introduce the young boys and girls to our hobby. There were three impressive stations along with all the earphones, antennas, cables and a computer for printing certificates. There was Pizza, cold drinks and coffee for the working folks.

The **GARS** email reflector is a great place to make announcements, share ideas about our hobby, ask questions and sometimes get answers. If you aren't signed up for the reflector, or if you are signed up and not using it, get onboard. Amateur Radio is a community effort, so spend some time sharing your experiences with the rest of us. I'll try to be better about posting events and happenings; maybe you should make the same effort. It gets really boring if we don't have someone to share with. After all, ham radio is about communications.

November 4th and 5th is the Alford Memorial Hamfest in Lawrenceville. Get your tickets early and save a buck or two on the admission fee. I'm sure a note to the reflector will get you the names of **GARS** members with advanced tickets to sell.

At the November 14th meeting, Amy Woodrick, KE4IKF, will share her experiences with the 509<sup>th</sup> Fighter Group. Her ride on a KC135 should make for an interesting program.

December 1 is our holiday party, so be sure to get it on you calendar. Amy has volunteered to help gather volunteers for the decorations and setup. So if you are inclined to want to help with the party, send Amy a note.

TechFest is in January, and that's not as far away as it was when I started sending reminders. Ray and David are assembling our list of activities, so be sure yours is included. We'll go over what we have at the November meeting, and start filling in where needed. You can download posters to pass out to your friends from our web site.

## We Are Not Alone

By Bill Cherepy WB4WTN

No, we are not the only GARS in existence. After stumbling across the Gainesville (FL) Amateur Radio Society website - <http://www.gars.net/> - I was curious to see if there were any other GARS out there. A Google search turned up several more amateur organizations.

The Geneva Amateur Radio Society - <http://www.alabamagsoparty.org/GARS/> - over in Alabama.

The Genesis Amateur Radio Society - <http://www.capecodtoday.com/index.php?module=pnBizDir&func=click&lid=5034&cid=1> - up in Massachusetts.

The Gila Amateur Radio Society - <http://www.zianet.com/gars/> - in New Mexico.

The Gibraltar Amateur Radio Society - <http://www.gibradio.net/> - on "The Rock".

The Grimsby Amateur Radio Society - <http://www.gars.org.uk/> - in the United Kingdom.

The Guernsey Amateur Radio Society - <http://www.gars.org.gg/> - on the Isle of Guernsey.

The Ghana Amateur Radio Society - no website - over in Africa.

And up in Canada a listing under Newfoundland and Labrador clubs, the Goose Amateur Radio Society - no website.

Then there is a city, Gars, in Austria, home of the summer Opera Festival of the Kamptal.

Finally there is Gars, - <http://www.gars.co.uk/scripts/i5.exe?book=garsrestaurant> - A Modern Chinese Restaurant in Brighton, UK.

OK, so we are not the only GARS, but I still think we are unique.

## Cool Site...

**Grrrr, fight cyber crime**

You've probably seen McGruff the Crime Dog on television. I once saw him racing his monster truck. But now he's taking on the Internet. It's really a sign of the times.

I'm on the advisory board for the "Take a Bite Out Cyber Crime" Campaign. The goal is to teach all of America about phishing, viruses, spyware and identity theft. My biggest concern is online predators. Kids can be so naïve. McGruff is doing his part to help you protect your children. At McGruff's site, you'll find tips on protecting your family from cyber crime. You can also register to receive updates about cyber crime.

There's one page on the site I hope you won't ever need to visit. That's the page where you report cyber crime. The reports help McGruff collect information about crimes.

If you've ever been a victim, you should still report it to officials.

**FORWARD ALERT:** This is such an important topic. I hope that you will share today's Cool Site with your family and friends.
